Premier Podiatry offers cutting-edge foot and ankle solutions. This state-of-the-art Clifton, New Jersey podiatry practice is conveniently located northeast of New York City, near Athenia and Albion Place.

This practice is home to some of the most advanced technologies in the area. Patients can get high-definition X-rays, which are uploaded to their own personal portal, along with their detailed medical records for convenient access. Because all patient files are in digital formats, record updates and appointment requests are quick and efficient using tablets in the office, or by logging in at home.

Dr. Petkov and the team at Premier Podiatry welcome new patients to the practice. The office is family-friendly and the compassionate staff loves helping people of all ages, from young children to seniors. The practice is located in a modern medical building, offering patients easy access to on-site private parking.

Our team is highly committed to continuous development of professional skills, integrity and personal growth, so that we can assist our patients in a manner consistent with a pleasurable clinic experience, accurate information and uncompromising excellence in podiatry.
