Company logo

AppStudio is a fast-growing mobile app development company based in Canada that offers full-stack application design and development services for a broad array of digital products. We have been offering custom software and application development solutions since 2009 and serving a vast clientele in Canada, the USA, and all across the globe. Equipped with some of the most experienced and talented product designers and developers, we are helping major sectors such as real estate, travel, finance, healthcare, gaming, etc. with digital transformation and legacy modernization services.

Our agenda of tailored services revolves around innovative excellence and maximum consumer engagement. As one of the leading mobile app development companies in Canada, we strive to design our solutions so you can reach your business goals more efficiently. Aside from iOS, Android, and React Native app development, we specialize in AR, VR, IoT, and cloud computing services.
