Smart Citizens is a top smart home automation company in dubai, delivering award-winning IoT solutions across the UAE. We specialize in smart energy, lighting, water management, and AI-powered security for homes, villas, and commercial buildings. Our Smart Home App supports 2,800+ devices, offering seamless control, automation, and real-time monitoring. Trusted by leading developers, government entities, and private clients, we provide end-to-end solutions—from consultation and design to installation and maintenance. Our Innovation Centre in Dubai showcases live demos and interactive experiences, helping clients visualize the future of connected living. With us, you get reliable technology, expert support, and sustainable automation
