We are the charitable foundation that oversees all of IKEA’s global philanthropy. We fund dozens of programmes run by large and small organisations to make life better for children living in extreme poverty. We’re working toward a world where children living in poverty have more opportunities to create a better future for themselves and their families. Our mission is to create substantial and lasting change by funding holistic, long-term programmes in some of the world’s poorest communities that address children’s fundamental needs: home, health, education and a sustainable family income.
