Parents Centres New Zealand Inc has a network of 50 Centres nationwide. We have the largest parenting-based infrastructure and network to support parents in New Zealand. Parent Support: our 50 Centres deliver support where needed and at the time of need to all parents in the community. Examples of support include: sudden infant death syndrome; parents in prison; teenage parents; sudden antenatal death; miscarriage support; breastfeeding; child development; infant sleep; toy libraries; playgroups; crèches; special needs. Parent Education: focusing on antenatal and childbirth education; parent education around coping skills; practical parenting; professional development for parents and all aspects of baby and toddler care through to ensuring children and parents are ready for the school years.
