Created to inspire a new revolution in the tradition of steak houses, The Strip Club 104 breaks out of the smoky darkness of the steak house of old and brings to Greer, SC a new take on the old tradition. The finest house-aged Black Angus beef, creative side dishes that mimic comfort food and an atmosphere layered in leather, color and light will make your visit an experience of the senses. Jason Clark, along with long time friend and wife, Lori Clark join forces so the long journey to find the finest steak is just around the corner.
