We believe in the Importance of Quality Care and Education of your little one and cater to children aged 3 months to 8 years old!

The early childhood years have a large influence on a child’s learning potential and ongoing intellectual, physical, emotional and cultural development.

At kidsfirst fiji, children have the opportunity to play, learn, explore and grow through free play and structured experiences based on children’s developing interests and unique potential.

We view children as competent and confident learners and through this we encourage children to learn and develop at their own pace in a safe and caring environment.

At kidsfirst fiji we have warm caring staff with a welcoming homely atmosphere where we work in partnership with our families and the community.

Kidsfirst fiji welcomes all cultures in our community giving all children and families a sense of belonging within our environment.
