We have the healthiest local and imported plants for sale, ready to go from our home-based nursery in Nausori, Fiji. We have lots of fresh Anthurium, Orchid, and many more flowers ready to go for your flower arrangements.

We also do landscaping projects around Fiji. Message us to discuss the possibilities with your space.

We are usually part of major organized markets like the ROC Market Day that takes place at least once every month. Look out for announcements about upcoming markets.
