Company logo

The UK's leading Dental IT support and maintenance company. We work hard to advise businesses on how to deal with and resolve most critical IT related issues. Our team at Microminder carefully combine technical knowledge and expertise with our background in dealing with a wide range of management systems.

Whether your needs are in computer systems, printers, communication services including VOIP phone systems, Office 365, Broadband and Email or support for R4 and SOE dental software; Microminder ensures everything runs smoothly with maximum output, and any concerns or issues are expertly handled.
