Kinkade Home Theater is an elite home theater design and home theater installation company in the Kansas City region. As bespoke craftsmen that design high end home theater experiences for our clientele, we are proud to bring this level of service to our Kansas City client base. Home automation and home networking are the backbone of a complete and submersive home theater experience. With extensive knowledge in these capacities, we are able to create a dynamic presentation of sight and sound to deliver an emotionally dramatic effect. Call Tony today at Kinkade Home Theater to begin an evaluation of how KHT can bring your dreams in to your home.
