Every neighborhood has a heartbeat; a place that represents the cultural epicenter of the area at its core.

In Boston's historic North End, that place is the award winning Boston Barber & Tattoo Co.

Nearly a decade ago; Owner and Master Barber Robert Dello Russo had a vision.

He wanted to create a men's Barbershop that exuded, class, dignity, and downright ruthless expert barbering, but also incorporated the grit and heart that is ingrained in the fabric of every North Ender and Bostonian.
