Uniglobe Travel International is a Canadian company defined by a passion for travel. Uniglobe Travel was founded by award-winning franchise entrepreneur U. Gary Charlwood. Fluent in multiple languages, Charlwood attended Southampton University on a scholarship before parlaying his part-time summer tour guide job into a full-fledged travel industry career.

Charlwood opened the first Uniglobe travel agency in British Columbia in 1981. Today, Uniglobe has offices in 60 countries on six continents. Rooted in local dependability and unrivalled entrepreneurial spirit, Uniglobe agencies and partners serve the unique needs of small and mid-sized enterprises (SME) by providing corporate and leisure travel services, meeting and incentive support.
