Established in 2006, Baseline Dental Care is a dental care center in Rialto, California specializing in general dentistry, cosmetic dentistry & restorative dentistry. We specialize in beautifying smiles, maintaining your oral health and helping you improve your appearance. We can design charismatic smiles through both general & cosmetic dentistry.

At Baseline Dental Care, we combine our experience with latest technologies and our commitment towards personalized care to provide exceptional services to each patient. Every member in our team is highly educated and well-trained on all the dental procedures. They can give you the necessary consultation and provide the best course of treatment for all your dental needs. So, whether you want a cosmetic treatment to beautify your smile or restorative care to improve your smile or just a routine oral examination & cleaning, we can do it all with the care you deserve.

Not only this, the veneers, fillings, crowns, bridges and dentures we use for your restorative treatment are made using quality and highly durable materials and will look much similar in fact better than your natural teeth. Rest assured. You can trust your dental treatments & smile with us.

So, take a step ahead with us for a healthier & brighter smile. Book your appointment now with our online form or via call.
