Pure Clean Waste Solutions Ltd. is a leading, registered UK company providing hazardous waste management, waste oil collection and removal services. We aim to reduce the impact of industrial waste on the ecosystem. Apart from waste collection and disposal, waste oil and waste oil filter collection and disposal, our team specialises in waste thinners collection, and the servicing of parts washers. Not just that! We also collect all types of waste oil from car service garages, and waste spray booth filters, waste aerosols, and waste paint tins from car body shops. All our services are competitively priced. To know more about the services we offer, get in touch with us.
