Christine Jansen loves travel so much that she opened Heart of the Valley Travel in 1993. Every year her Appleton Travel Agency specializes in matching people’s interests to a personalized trip they will truly enjoy. Her consultants know what they’re talking about. After all, they’re also world travelers. We invite you to get to know our wonderful travel consultants, and contact us so we can get to know you.

We plan your ENTIRE destination wedding! We pride ourselves on the FULL SERVICE we offer our destination wedding couples.

Don’t be fooled by someone willing to “help you with your destination wedding” when all they offer is booking your travel & setting your date. As you can imagine, that is only the beginning of the planning needed to assure you a legal wedding in a foreign country!

With dedication of time & focus on details we encourage travel … as a caring partner in planning.

Our enthusiasm for travel benefits all who seek professional service, expert advise & peace of mind.

We engage our clients with connections to destinations that excite the imagination!
