Circuit Alert Electrical And Solar are locally owned and operated Solar Installers on Sunshine Coast. We have our own team of qualified electricians and solar installers. We have installed thousands of best quality SMA inverters and JA solar panels all around the Sunshine Coast and Brisbane. We are the most trusted solar company specializing in residential and commercial solar installation works across the Sunshine Coast. Over the last decade, we have gained the reputation of being one of the best JA solar installers on the Sunshine Coast. We offer very competitive pricing on solar batteries, Qcells, SMA inverters, and other electrical products with warranties. We provide services in Sunshine Coast, Brisbane, and the Wide Bay.
