Your satisfaction means everything to us, and that’s why we go the extra mile to get things right the first time. And if you aren’t completely happy with the final product, we’ll find a way to make it right.

While these qualities may sound like givens, time and time again our clients are blown away by our reliability and responsiveness. Our team truly sets us apart, and we think you’ll notice the difference when you choose SRS Signs.

SRS Signs Founder and President, has been around since Day 1: January 20th, 1999 to be exact. His main focus is spreading the word about SRS Signs and doing everything possible to keep customers happy. Bringing a diverse skillset to the role, Shane is in charge of business development, overall management and, just like on day one, general labour and installation.

Shane loves the promo and sign industry, and his favourite part of the job is the excitement he feels helping people opening or expanding their businesses. Shane credits his incredible team for making it all come together, and believes that it’s their creativity and vibrancy that sets SRS apart.
