Positioned in the heart of this historic town, our offices take prime location in an elegant and beautifully restored early Victorian property, which sits on the prestigious Head Street. Head Street has for many years been awarded the accolade of being the ‘Little Hamptons’, the road is full of quaint and bespoke shops, adorable eateries and of course a great Property Consultants! Since opening our doors to business in March 2013, we have taken the town and surrounding area by storm.
