Company logo

American Trade Mark Co. is a manufacturer of Incident Command and Accountability Systems used to track tactics and personnel at an emergency scene. Our Equipment Marker Decals are widely used by emergency service organizations to identify hand tools, boxes, and loose equipment. We print the decals with special inks on durable reflective material to create a long-lasting identifier that is easy to read. Our Signs and Plaques are also manufactured to the highest standards and are compliant with the Americans with Disabilities Act. American Trade Mark Co. works with fire departments, EMS departments to provide customized accountability products, labels, decals, tags, and accessories to increase safety in each department.
