At Carter Jonas, ‘Simply Better Advice’ is a statement that unites everyone in our business behind a common purpose. It is a commitment to our customers that we will work harder for them, constantly striving to provide the best advice in the market.

Carter Jonas balances its distinguished history with modern services and a cutting-edge approach. In 2020 the partners published their 5-year plan to 2025.

Our tailored service and ‘simply better advice’ has enabled us to forge lasting, intelligent and trusting partnerships with our clients. These long-standing relationships are our most important and most closely protected asset.

From private landowners to local authorities, pension funds to farmers – our universe of client experience is among the most varied in UK property. We spearhead major schemes for public bodies. We look after the property interests of cathedrals, colleges and charities.

Throughout our endeavors, we never forget the importance of the people behind the brands, businesses, projects and goals. That’s why some of the biggest property owners in the country are our loyal clients, some of which have been clients of Carter Jonas since the business started in 1855.
