We help individuals who have suffered law enforcement abuse, brutality or other excesses. Your dignity as a person must remain inviolable!

Are you having legal difficulties with your school administration or faculty? Is someone threatening to kick you out of a program, course of study or remove you as a faculty member? Contact us immediately to safeguard your rights and seek legal redress on your behalf!

We will fight for you to achieve a meaningful resolution of your civil disputes, including contractual disputes, defamation, dealing with shady dealerships under the Consumer Protection Act (formerly the “Fair Trading Act”), and sundry other legal issues. If litigation becomes inevitable, we have the experience to represent you at all levels of court in Alberta.
