Company logo

Located in the heart of Bayswater, Queensway Dental Care is a family-run dental practice committed to offering the highest quality dental care in Bayswater, London since 1999. Our multi-lingual dentists speaks an array of languages, including Spanish and Arabic and are dedicated to treating patients with care and compassion and are eager to establish strong and lasting relationships.

Our specialists Orthodontist and Prosthodontist are proud to offer high-level expertise in dental implants, teeth-straightening and cosmetic dental treatments. If you need teeth straightening treatment, we offer ceramic braces and Invisalign™ technology to help you achieve that perfect, straighter smile.

During a dental implant procedure, we offer sedation options to help you relax during your treatment. Our team of professionals will not only explain every step of your procedure but, make you feel welcome and at ease.

If you’re a parent looking for a family-friendly dental practice, look no further than Queensway Dental Care. We also offer a 0% finance option to help you to spread the cost of certain treatments if you require.

Regardless of your dental needs, at Queensway Dental Care, you’re family. Give us a call or visit our practice.
