Welcome to Abbey House Dental, a private and NHS dentist in Stafford where we strive to deliver the highest level of dental care and treatment, so you can feel at ease and confident in your ability to smile and eat.

Abbey House Dental offers cosmetic and general dentistry, implants, invisalign and sedation in house to help you if you are nervous. As a private dental practice, we strive to better ourselves and go on a path of continual improvement to benefit everyone we meet and interact with.

We want each patient to feel that they are a part of us and our dental practice. We want the people of Stone, Stoke-on-Trent, Stafford and Staffordshire areas to know that the Abbey House Dental - Implant & Sedation Centre is committed to them.

We believe in customer satisfaction, providing comfortable and convenient treatments, optimum health & safety of patients and to keep our skills and knowledge up to date.

For dental emergencies, get in touch, visit our website for more information.
