REWIND BACK TO WEST PARK in 2003, Beverley Silver and Andre Pattison opened the very first Bliss salon which offered premium beauty services within a happy and glamorous atmosphere. Little did they know that a beauty empire had just been born. With customer satisfaction and care as their top priority, the long-standing team soon set a milestone for repeat clientele: ranging from busy mothers, professionals, models and local celebrities. Today, Bliss enjoys an excellent, consistent reputation as the finest chain of beauty salons in Yorkshire, with a commitment to nurturing the personal career developments of its staff who have been delivering excellent beauty therapy under the Bliss banner for over six years! Join the Blissful movement and be pampered in style and excellence...
