Company logo

"TDL Textile" LLC is proved to be an absolute leader of textile market in Russia, biggest manufacturer and seller of fabrics and home textile products. The company shares 6% of home textile market and more than 30% of gauze and bandaging material market. Modern blanket and pillow production has been started up since August, 2012. Well-established partnership with dealers and distributors, cooperation with big retail store chains guarantee stable sales of products. Long-term and steady relations with medical institutions, pharmacy chains let us constantly increase the sales of medical textile. Own manufacturing sites allow to produce competitive finished fabrics and home textile products. The trade marks of home textile "Vasylisa", "Aura", "Vasylyok", "ECO", and many others are well-known among the customers in Russia and neighbouring countries. 10 million of consumers in Russia use our products at home, and more than 50 million people are medically treated with bandaging material made by "TDL Textile" LLC.
