We're glad you're here! Luckily for you you've just landed on one of the biggest gym clubs in Leeds and we're about to offer you a crazy amount of equipment and facilities for the cheapest price. We offer great facilities at unbeatable value for any gym membership. If you're still undecided why not enquire about getting a free day pass to trial millions of pounds worth of fitness equipment? We're located on Kirkstall Road and definitely not hard to miss (just look for the big yellow 4!). With more than 36,000 sq ft worth of space we had a lot to work with, so just like our other sites we've thrown in over 400 pieces of state of the art equipment and broken it down into sections for the ease of our beloved members!
