Capstone was established in 2009 by experienced recruiters and industry professionals who have worked within the property and construction market since 1997. Our team recruits all types of professionals spanning the property life cycle including all real estate functions, construction & engineering and infrastructure. We recruit at all levels from recently qualified professionals through to Director level. Capstone’s success is a result of strong partnering relationships built over many years within the sector representing candidates and clients from all backgrounds. Capstone’s deep industry knowledge coupled with a drive for quality and living and breathing the industry sets us apart.
