Whether you are a car owner, auto repair shop, or dealership, our task is to assist you. Trade and public enquiries welcome. Autobreak started business in 2001 and over the past 12 years, has established itself as one of Irelands leading car dismantlers. Jack Moore manages the business and is ably assisted by Piotr Gogloza who has been working with Autobreak since 2004. Between them Jack and Piotr have more than 30 years experience in the dismantling business. In 2008, Autobreak needed more space for the expanding business and acquired an additional yard on the Dock Road in Limerick.
