Three Links has a long history in the Northfield community. We are sponsored by the fraternal order of the Odd Fellows and Rebekahs. Our local heritage began in 1899 as an orphanage and throughout the years, evolved to serve many health care needs in our community. Today, our mission is to serve older adults who may need additional support and care. This website is designed to show the wide array of services offered through the many programs, located on our main campus and beyond.
