LC Real Estate Group was originally founded in 1996 with a focus on commercial and residential development in Loveland, Colorado. We have since become a staple in the Northern Colorado community, and have focused our business around our commercial and residential brokerage to continue to build a stronger community. In addition to our brokerage service, we have become a major regional player with the growth of investment properties, property management, home building, and much more. Our reach extends well beyond Northern Colorado as well, as we have regional activities and investments in Metro Denver and Colorado Springs as well. Our slogan is Mindfully Creating Community because we understand that to have a successful business we must contribute to the success and economic stability of the community we live in. LC Real Estate Group is proud to invest time and resources in not only the community itself, but the people that live and work here. We have experience developing and participating in community-based projects, public partnerships, affordable housing projects, financing, and so much more that contributes to creating a better Northern Colorado to live in. LC Real Estate Group is invested in the long term success of our community. To learn more about our residential and commercial brokerage, investments, or tenant representation, please visit our website at https://lcrealestategroup.com/ or call us at (970) 667-7000.
