Amaroc was founded in 2012 and is dedicated to providing Renders, EWI Systems & Dryling Material to the trade. There’s nothing inexperienced about our team though. Between the directors and Sales staff we have bags of experience in the Rendering trade. With our trade experience, we’ve formed trusted partnerships and secured discounts for you with the leading names in the EWI & External Render business. They share Amaroc (an arctic wolf renown for being trustworthy, strong, dependable and working within a team) values and we want you to benefit from them. With our trusted website complete and stores open in Swindon & Bristol we look forward to being a trusted partner to you in the Rendering trade.
