The main part of the business is as a supplier of London Taxis for use as props in movies, films shoots, tv and advertising, photographic assignments. Working in tandem with that come the supply of taxis for PR stunts, marketing and advertising events, Team Building and Treasure Hunts. On the transportation side we also work with event management companies and travel companies supplying taxis for transport for their guests. Within the event sector, we supply Taxi Marshals at venues to ensure the constant supply of taxis for guests by setting up pop-up taxi ranks ensuring guests and visitors are able to make stress free onward transfers. Serving the travel industry and independent tourist is also a major part of our business. We are geared up for services from a single Airport Transfer to group travel and tours. We also can look after corporate clients who need to hire a cab and driver by the hour or by the day which can be paid in cash, credit/debit card or a single VAT invoice.
