Our Customers Always Come First We understand that home construction and repairs are interruptions to our customers’ daily routine, and we do everything we can to minimize your inconvenience. We make every effort to work with your schedule to complete all repairs in a timely manner. We will take care of your home and family while we upgrade your home’s exterior with a new roof, siding, windows, or gutters to update and protect your largest investment, and everything that’s inside it. Trusted General Construction Experts Our employees are professionally trained and experienced in all aspects of residential construction. As MN Licensed General Contractors, we can correct any minor defect on a home’s exterior before it becomes a major problem. We understand how each element of your home’s exterior (roofing, siding, windows, and gutters) all play a crucial role in protecting your home and everything in it. Advantage Construction is also an Owens Corning Roofing Platinum Preferred Contractor, which means your roof and home are under the care of the best in business. Our Commitment to You We are an organized, detail oriented team that brings positivity to every encounter we have with you. It is very important to us to treat you with unwavering respect and to guide you through the construction process so you can rest easy knowing your home is under expert care. We make sure to track, document, and manage every project detail so you receive the absolute best customer service possible. That’s the Advantage way, and why we say: “Advantage is on YOUR side!”
