Fulham Dental Clinic is led by Justyna Kamecka, a reliable, professional, and friendly private dentist in Fulham offering best dental treatments the way it should be. We offer so much more than your average dental practice. Fulahm Dental Clinic is a modern and sophisticated dental clinic dedicated to providing only the best patient care and dentistry treatments such as General & Cosmetic, Implants, Orthodontics and Facial Aesthetics. Call us to book an appointment.

The clinic attracts patients from Fulham, Chelsea, Hammersmith, Kensington, Putney, London and much further afield. The team at Fulham Dental Clinic works hard to make you feel at ease while you're in the clinic, and the friendly receptionists are always happy to welcome new patients and answer any questions they may have.

Fulham Dental Clinic has a wide range of cosmetic dental and facial aesthetic treatments to choose from. The team is always on the lookout for novel treatments that have the potential to improve their patients' outcomes and comfort. Mouth Matters offers a variety of dental treatment options, including Invisalign braces, root canal, tooth whitening, bonding, porcelain veneers, dental implants, cosmetic dentures, dental crowns and bridges.

Facial Aesthetic treatments are also available at Fulham Dental Clinic to help patients achieve the look they want. They include Anti-wrinkle injections, Dermal and lip fillers and facelift treatment.

We understand the importance of oral health and provide a dental hygiene treatment that includes a routine scale and polish, preventice care for children, and gum disease treatment to maintain excellent dental health.

If you have a dental emergency, please give us a call and our emergency dentist in Fulham will do our best to book and treat you on the same day.
