Company logo

Specialist importers of high-grade Toyota Alphard and Nissan Elgrand MPVs to the UK. We select each car direct from Japan, import it to the UK where is it prepared to the highest standard.

We believe buying your Japanese car import should be enjoyable, easy and stress free. As the leading prestige car importer in RHD vehicles, we are experts in buying high grade Japanese cars at competitive prices and supplying them in excellent condition.

Japanese Car import Specialists

Our buying specialists see almost all the auction and wholesale cars for sale in Japan. We select the best cars and supply them to 20 countries including the UK. All Japanese brands are available including Nissan Elgrand and Toyota Alphard.

Highest Quality Cars

We buy grade 4 cars from Japan (nothing lower). Once in the UK, each car is serviced and prepared to a better condition (grade 4.5). We then fit a band expander so you can listen to radio stations in the UK.

Warranty & New MOT

Each car comes with a one year warranty, a new MOT on import and 2 keys as standard.

Modifications & Aftermarket Accessories

Tailor your car to perfection. Through our mechanics (the team who maintained Top Gear’s cars) we offer de-cat, tuning, aftermarket exhaust figment, lowering, undersealing and many more modification services.

Approved BIMTA Members

We are proud to be approved members of the British Independent Motor Trade Association so you can buy with confidence knowing we have been vetted and accepted by a reputable UK trade association.

FCA Approved

We are approved by the Financial Conduct Authority and appear their Financial Services Register. This requires us to conform with their code of conduct regarding the provision of financial services to our clients.
