New Jersey pain management physicians and sports injury specialists at The Spine & Rehab Group specialize in non-surgical treatments for neck pain, back pain, bulging discs, herniated discs, and knee and hip pain.

Our treatment and injury recovery approach involves taking a comprehensive look at condition(s) and exploring all non-surgical, interventional, and alternative treatments to help find pain relief and get back to a pain-free life.

Our top-rated, Board Certified doctors are pain physicians and experts in their respective fields. As leading pain management specialists, we offer the latest, most advanced treatments and fast recovery.

Visit our rehabilitation center to schedule the same-day, morning, or late evening appointment.
