Bakhla Tours & Travels is at the service of all pilgrims since last 3 decades. Our CEO Mr. Rashid Ahmed started Bakhla Tours & Travels in the early 90’s. During that period pilgrimage tours like Hajj & Umrah was a very difficult task. We made it easier for the pilgrims and gained their trust by giving them outstanding services throughout these years. Even during that time when there was no modern technology that time we managed to keep up our reputation and changed with time. As time went by, we made customers our first priority. We helped them to construct their own packages on their own dates as Frequent Individual Traveller (also known as FIT packages or Custom packages). Hajj, Ziyarat and **Umrah packages** are offered by every other company today as it is very easy to create a package. The difficult task comes when you don’t give the package that you commit to your customer. Commitment and Trust comes hand in hand, hence Bakhla Tours & Travels commits the services which we can provide. Our hotels, food, and hospitality makes us perfect tour for Hajj & Umrah.
