"Offering the **freshest seafood** in Adelaide, order online or come into one of our stores. We are a family run business with a passion for bringing the freshest seafood to the Adelaide region, and we have been doing so for the last 45 years. Our online orders are prepared, cut fresh and sorted for delivery in sustainable packaging. We source our products directly from South Australian Fisherman and the Adelaide SAFCOL Fish Market, ensuring maximum freshness and quality. Our range includes all the family favourites such as prawns, fish, oysters, platters and sashimi, octopus and squid."
