Company logo

An international full-cycle software development company, Sloboda Studio assists companies with their technical and operational difficulties. Sloboda has successfully completed more than 200 projects and is a 3x Clutch B2B Service Provider internationally. Our specialty is creating custom software solutions and growing software businesses with devoted employees. We primarily collaborate with businesses in the PR, FinTech, healthcare, media, and real estate sectors. Having designed and created unique software for over ten years, we have some of the most senior expertise in Ruby on Rails, Python, Django, React.js, Vue.js, React Native, and Swift.
