Company logo

At TCS Denver, we offer highly trained guards to protect your valuable assets and people. Our reputation as a top Denver security company comes from several decades of treating each client like family. Your safety and security is our only business.

We pride ourselves in offering security solutions tailored to the unique needs of your organization. Our mission is to provide the finest quality security personnel and services for each one of our clients, compatible with their needs and budget.

Twin City Security in Denver provides security services. It offers armed, unarmed, and concierge security, and security assessment. The firm security services include bank, building, commercial, construction, event, hospital, hotel, industrial, mall, property, residential retail, university campus, and vacant property security.
