Twin City Security in Fort Worth has over forty years of experience providing a winning business model and flexible client contracts in private security services.

At Twin City Security in Fort Worth, we offer proven security protection with a variety of services. Whether you need private security for a one-night event or ongoing, daily services, we offer a solution tailored to the client's needs. Our security services include concierge security, event security, construction security, fire watch services and more.

Our Fort Worth branch uses the proven Twin City Security name, business model and training guidelines but is locally owned and managed. We've successfully protected clients in Fort Worth since 1990. Over the years, we've built a strong reputation as the local security experts with unmatched customer service and industry knowledge.
