Quality Sewing Supplies for the Discerning Fabric-Based Creator!

Sewing supplies in Tyler or anywhere in East Texas can be hard to find. We work every day to make it as easy for you as possible. A Nimble Thimble is the trusted name in quality customer service before, during, and after your purchase. We provide expert BERNINA Sewing Classes for all levels of creators. We consider it an honor to be your one-stop-shop for all things quilting, rug hooking, sewing, and cross-stitching. We hope you feel just as welcome here in our website home as you do in our Tyler store. Our goal here on the web is to make shopping convenient and for you to feel pleased with your choices. If there is ever anything we can personally help you with, please call or stop by our store. We are real people that love crafts and genuinely enjoy sharing that love with others.

We have everything a quilter, seamstress, or rug hooker could desire!

Are you passionate about quilting? Sewing or rug hooking in Texas? You are our people. We know the pleasure, contentment, and sense of joy you feel when you create. We've been a quilter's go-to source for quilt supplies, rug hooking supplies, and BERNINA Sewing Machines for longer than most can remember. We offer a vast selection of cotton fabrics in a wide range of prints, solids, batiks, reproductions, and special backing kits. A Nimble Thimble carefully curates its collection of quilt kits, patterns, tools, floss, thread, and notions. Everything a fabric creator could wish for can be found in Tyler at A Nimble Thimble.

Every BERNINA model we provide demonstrates why Swiss sewing machines enjoy an outstanding reputation worldwide. Tradition and precision wrapped in aesthetic perfection. A host of features for premium-quality sewing, embroidering, and quilting – that's what the name BERNINA stands for.

For more information, or to purchase your own BERNINA Sewing Machine, please contact us or visit us at our store

Just as a car needs to be serviced and maintained regularly before problems arise, your BERNINA is a finely-built machine that requires regular preventative maintenance and attention.

We recommend bringing your BERNINA sewing machine in at least once a year. If you are an avid sewer, we recommend servicing your machine more often, depending on usage.

A number of service calls for sewing and embroidery machines are strictly due to worn out needles. BERNINA recommends that you change your needle after every 4 – 6 hours of stitching.

Here at A Nimble Thimble, we do not recommend titanium needles, although BERNINA may disagree. They do not snap off and can cause a lot of damage in your hook area or needle bar (Katie’s opinion).
