Smith & Holder, a law firm proudly serving the Gulfport, Biloxi, and Pascagoula areas. We're the determined, aggressive, and yet compassionate attorneys you need on your side during tough times. In all our areas of practice, one area is most important: you, the client. When you call our office, you won't speak to a computer. A real human being will answer the phone and quickly connect you with your attorneys. If they aren't available, you can speak to their assistants, and one of the attorneys will return your call within 24 hours. We strive to keep our clients updated as to the status of their cases. Even if there are no new developments, we'll still call every once in a while to check in. Your well-being in your case matters to us.
