Founded in 2001, Sama Rugs are Melbourne’s premier destination for high-quality imported rugs. From a Showroom in Mornington, they supply everything from authentic Persian rugs to hallway runners, hand-knotted, flatweave, wool, cotton and much more. All products are handcrafted by international artisans and made from quality natural materials.

You can view the entire rug range online or explore it all at their expansive showroom. Once you’ve found the perfect rug, their mobile team even allow customers to test the product out with a free home trial.

In addition to supply, Sama Rugs also offer a dedicated carpet cleaning and rug wash service for customers across Melbourne. This is a careful and considered process that is handled by an expert in-house weaver with years of experience. Over more than two decades, Sama Rugs have helped to breathe new life into worn down rugs and carpets of all kinds.
