Sparky Nearby are local Sydney electricians who specialise on working in peoples' finished homes, not construction sites. This means we have an emphasis on punctuality, cleanliness and good communication with our customers.

We respect your home like it was our own. We'll arrive on time, we'll get approval on any works before proceeding and at the end we wont leave a trace that we were there in the first place! We do 24/7 emergency call outs in the Sydney area within a 20km radius of Coogee 2034.

We specialise in residential maintenance, strata and real estate work. Whether it’s your home, business, strata or real estate property that needs some electrical TLC, Sparky Nearby is here to supply you with the highest standard job.
