Company logo

Designer Plants is a leading provider of premium-quality artificial greenery, offering a vast selection of hyper-realistic fake green walls, topiary, wall discs, and hedges that trump other products on the market. Ever since our early days, our dedication to quality is evident in our unmatched expertise and exceptional service with personalized consultations and swift installations.

With a myriad of products designed and manufactured to last up to 15 years, Designer Plants makes it a mission to use only ROHS-compliant, toxin-free materials that contribute to the well-being of our planet and ensure sustainability and environmental responsibility. Each of our products was created with the most advanced technology, including built-in UV protection and resistance to severe weather conditions. With Designer Plants, you can expect nothing but the best.
