Company logo

Simon and Tas had started Shift-O-Matic Transmissions over 30 years ago, Simon is an A Grade Mechanic and an auto transmission specialist and Tas is an A Grade Mechanic.

With a progression and changes Shift-O-Matic has recently changed their trading name to Richmond Garage as the business had transformed into a service centre. New name with the same old fashioned service.

Richmond Garage only employs fully qualified technicians so you can be sure that your car is getting the best treatment.
