Stone Centre has three decades of experience in the stone industry and is a global brand specialising in premium natural stones for residential and commercial projects.

We understand natural stones; that is why our products are expertly curated and masterfully crafted. We offer Australia's largest selection of premium natural stones, with delivery across the country. Stone Centre offers customisation with most of our product range and are committed to providing innovative solutions tailored as per your project needs.

Our mission is to strive for beautiful simplicity in everything we do. We bring a highly curated range of natural stones such as Travertine, Limestone, Marble, Granite, Bluestone and Sandstone.

We pride ourselves on catering to the unique needs of our clients and sharing industry best practices to help them find the most suitable, ethical and tailored solutions for their project build.

We understand that everyone has aspirations for their project or their own space or home. By understanding these aspirations, we can help you bring your vision to life. We can help you find a solution.

Product selection plays a key role in the design process and we see the process as a collaborative one. Also, we see a key part of our role as providing timely delivery and an amazing customer experience.

Stone Centre takes utmost care to ensure the spaces we influence have a rich soul and reflect positive energy.
