Hefei Haoxin Protective Technology Co., Ltd. is one of the leading PPE manufacturers in China with over twenty years of safety protection experience. We have an excellent reputation for dependable quality and delivery capacity because of our ability to produce certified TYPE3/4/5/6 coveralls, safety vests, face masks, bouffants, lab coats, isolation gowns, aprons, gloves, and so on. With the fast expansion of recent years, our workshop spans 28,000 square metres and 300 employees operate on 30*40'HQ holding containers, professional international trade service, efficient management, and powerful quality control. We provide customers with consistent quality goods that enhance employee safety, confidence, and productivity at competitive prices.
