Company logo

Golden Heights is an expert roofing business in Southern California that focuses on delivering the best roof installations and repairs for the most environmentally friendly results.

Golden Heights is fully insured and certified to install, repair, and replace roofs of any type across the Bay Area and Southern California. They draw on 20 years of experience to deliver excellent service at affordable prices.

Reliable and experienced roofers

Roofers are Golden Heights are reliable and experienced. They have installed residential and commercial roofs and constantly train on new techniques and materials to enhance their services.

Excellent warranties

As roof installers, Golden Heights offers excellent warranties that can even reach up to 50 years on materials. They also offer up to 10 years warranty on labor. When you choose Golden Heights for your new roof, you know you are getting professional roofers. Once your new roof is in place, you have peace of mind that you worked with the best roofers in the Bay Area.

Good communicators

Golden Heights’ roofers and engineers will take the time to talk with their customers and listen to them. Their goal is to deliver a stylish roof that protects a home and adds environmental benefits to the household or the business.

Locally-owned and operated business

Golden Heights services the Bay Area and Southern California. They are quick to answer any calls. As members of the California locality, they are engaged with the communities they work with. They do a lot of work through word-of-mouth, which means that their customers are satisfied and pleased with their new roof. Transparency and honest professionalism place Golden Heights above the competition.

Free estimates

Roof repairs and replacements can be expensive. Golden Heights' roofers offer free estimates to help homeowners and business owners have a clear picture of their budget. They offer clear pricing to their customers to help them manage their roofing expenses.

Roofs delivered on time

As a roofing business, Golden Heights has set high standards for itself. They stick to their time schedule for any roof replacement, repair, or installation. Roof installation can be inconvenient for homeowners and Golden Heights meet their deadlines.

Golden Heights roofs and repairs

Golden Heights roofers and engineers can repair and install any type of roof such as shingle, metal, slate, or tile roofs.

Depending on the style and design of the house, they will adapt the roofing material and the colors to match the building and increase curb appeal. No matter how tricky a roof is, Golden Heights professionals can repair or replace it.
